Ecclesiastical Declarations – Identity & Status

1. Declaration of Living Status

I am a living soul, not a corporation, legal fiction, or government-issued identity.

I reject any presumption of being a ward of the state, citizen under statutory obligation, or subject to commercial jurisdiction.

All instruments, identifiers, and contracts issued in any other name are hereby rebutted unless explicitly authorized by me under trust.

2. Ecclesiastical Identification Statement

My identity is defined by divine law and protected under the Ecclesiastical Private Trust.

All engagements, documents, or interactions shall recognize my ecclesiastical status as sovereign, non-domestic, and unincorporated.

I may use identifiers as convenience but do not thereby submit to foreign governance.

3. Affidavit of Non-Participation in Government Identification Systems

I am not subject to Social Security numbers, federal ID systems, biometric indexing, or global identification schemes.

These systems represent contracts of control and commercial jurisdiction, which I do not enter into by force, fraud, or presumption.

This affidavit rebukes all presumed participation and identifies my standing under divine ecclesiastical law.

4. Writ of Sovereign Standing

As the executor and trustee of my private ecclesiastical estate, I stand in full lawful capacity.

My rights are endowed by the Creator and shall not be abridged by any legal fiction, code, or regulation.

My identity is inviolable, sacred, and exempt from foreign registration or enforcement.

Sealed by authority of the Ecclesiastical Private Trust.
